How to Use This Book

Hi, my name is Pierre, the owner of the Feng Shui DIY blog and the author of this Chinese Zodiac 2013 Predictions e-book. I am a long-time Feng Shui practitioner with over 20 years of experience. Feng Shui is my hobby. I wish I could promote the use of Feng Shui and bring better living to people by releasing e-books. You can find all the FREE and paid e-books as well as some Feng Shui advices from my blog, <http://fengshuidiy.com>.

Thank you for your purchase. Before you start checking your fate in the Year of Snake, please reading through the following guides. Feng Shui is a traditional Chinese science that has some tricky things you need to be aware of.

1. The Year of Snake begins on 4 February 2013. If you are a subscriber of my Feng Shui newsletter, you should have learnt this already. According to Chinese Feng Shui theories, a year begins in spring and spring usually begins on 4 February every year. This is why all the predictions in this e-book begin on 4 February.
2. Despite we are accustomed to matching a zodiac sign to a year, say, 2013 = Year of Snake, they are never exact matches. Again, since a year begins on 4 February, if someone was born on 2 February 2011, his or her zodiac sign is Tiger instead of Rabbit, i.e. the sign of the previous year. If your birthday is before 4 February, please refer to the predictions of the previous year.
3. Chinese calendar is a lunar-based calendar. Unlike the Gregorian calendar, a month does not necessarily have 31, 30, 29 or 28 days. A month in Chinese calendar is usually shorter with 29 or 30 days only. The “month” in this e-book is marked according to Chinese calendar.
4. The “Your Lucky Guide” section tells you what colors, numbers, directions, shapes, jewelries and people could bring good luck to you. They are not only applicable to the Year of Snake, they influence you for the whole of your life.
5. As you can see by using the zodiac signs we categorize all mankind into 12 types. This is certainly not a precise interpretation of your fate but a coarse look only. If you want a more detailed and more accurate prediction, you could try my personalized 2013 fate prediction service, by which I forecast your month-by-month fate in the Year of Snake **according to your actual birthday**. Email me for details.

This is an e-book that I have put a lot of efforts in, I hope you enjoy reading it and find it useful.
